Provides as much light as a 300 watt bulb while only using 27 watts of electricity. With a 50000 hour lifespan these bulbs will provide significant savings in electricity over their lifetime and require less maintenance for hard to reach fixtures. Ideal for warehouses, garages, workshops, barns, retail stores, gyms and other commercial/industrial applications. UL Listed for Damp Location Installation. They have a medium base (E26) and can be used with mogul base (E39) adapters (not included). The 220 degree beam angle gives a broader spread than UFO bulbs and more downlight than corn bulbs.
