

**Sunlite 82096 2-Foot LED Linear Strip Light, Wraparound Fixture, Adjustable 3 CCT 3000K-5000K, 18 Watts, 2340 LMN, Dimmable, 50,000 Hour Life Span, 80 CRI, Surface Mount, Steel Body, UL & DLC Listed**

Wraparound

**DESCRIPTION:**

Sunlite LED 2-Foot Linear Strip Light Fixtures are an energy-efficient and maintenance-free lighting solution. These hardwired fixtures have built-in LEDs, so there are no bulbs to replace. When connected to an LED-compatible dimmer, you can adjust the light output to suit your needs. These multi-volt 120-277V fixtures are ideal for commercial, industrial, and residential applications—steel bodies with an acrylic lens designed for indoor use. With a 50,000-hour life span, these fixtures will provide years of maintenance-free service. Each fixture uses only 18 Watts of electricity and has an adjustable color temperature. They are ETL listed for damp location use and DLC listed for efficiency and design. The lens is made of shatterproof acrylic, and unlike fluorescent tube fixtures, they contain no harmful chemicals.

**FEATURES:**

- **LED TECHNOLOGY** - The Sunlite Strip Light Fixture is an excellent addition to any atmosphere. It features a slim, robust steel frame and a shatter-resistant frosted lens. LED wraparound lights are the ideal method for replacing traditional fluorescent lamps. These 2-Foot-long lamps have built-in LEDs, so there are no bulbs to replace, making these a maintenance-free solution. Also, their service life is five times that of the standard fluorescent strip lights.
- **DIMMABLE** - The fixture can be dimmed when installed with an LED-compatible dimmer. Output is a bright 2340 lumens while only using 18 watts of electricity. Operates within 120-277V AC, 10%-100% dimming range, low voltage dimmers capability (0-10V), and has a high color rendering at 80 CRI. The long 50,000-hour life span is significant in energy savings over time.
- **ADJUSTABLE COLOR TEMPERATURE:** Test different color temperatures before installation and never be dissatisfied with CCT again. This simplistic fixture has adjustable LED color-changing technology (3000K, 4000K, 5000K), quickly meeting different demands in areas. With a simple switch inside the fixture, the color temperature is adjusted to your desire. **PLEASE NOTE:** select the desired color temperature before completely mounting the fixture. (Instructions included)
- **EASY INSTALLATION-** The LED strip light is easily installed on any junction box and can be mounted in two ways, surface and suspension. Directly mount this LED Wraparound fixture to the ceiling for bright light in offices, garages, basements, warehouses, and storage areas.

## SPECIFICATIONS:

### General Characteristics

Average Rated Hours	50000
Finish	White
Average Life Span Years	46
Dimmable	Yes
Dimming Type	0-10V Low Voltage
Dimming Percentage	0-100%
Material	Steel
Lens Description	Prismatic
Lens Material	Acrylic
Lens Finish	White

### Electrical Characteristics

Watts	18
Volts	120-277
LED Chip Manufacturer	SMD2835
Power Factor	0.9
Temperature	-4°F - 104°F

### Light Characteristics

Lumens Brightness	2340
Color Rendering Index CRI	80
Emitted Color	CCT Selectable
Color Temperature Kelvin	30K/40K/50K
Beam Angle	101

### Fixture Characteristics

Shape	Rectangle
Mounting	Wall
Fixture Technology	LED
Use Location	Indoor

### Additional Features

Safety Rating Mark	ETL - Damp Location
DLC	Yes
DLC Number	PL7NABMAJVER
DLC Classification	Standard

### Product Dimensions

Size	24"
Item Dimension (in)	(W) 4.13 (H) 3.77 (D) 23.93
Package Dimension (in)	(W) 4.52 (H) 4.33 (D) 24.6
Package Weight (lb)	3.01

### Product Data

Case Unit Rate	4
Item UPC	653703820965
Warranty Years	5
