

Sunlite 04235-SU Portable Drop Light With 25-Foot Cord, Medium Base Socket (E26), Metal Cage, Attics, Basements, Garages, Workshops, UL Listed, High Visibility Red 1 Pack

DESCRIPTION:

Sunlite drop lights allow you to take the light with you. Long 25-foot cord so you can bring the work light to areas where there are no nearby power outlets like attics, basements, construction sites, garages, workshops, and more. Ergonomic handle with built-in on/off switch and grounded tap for plugging other tools directly into the light. Metal cage design with convenient hook for hanging the light while you're working. Uses a single medium base bulb (75W max, not included). High visibility red handle and cord. 16/3 SJT 13A-125V-1625W. Meets OSHA Standards. UL Listed.

FEATURES:

- **WORK LIGHT** - Don't work in the dark. Sunlite drop lights allow you to take the light with you. Use in attics, basements, construction sites, garages and more.
- **25-FOOT CORD** - Long 25-foot cord so you can bring the work light to areas where there are no nearby power outlets. Uses a single medium base bulb (75W max, not included).
- **HIGH VISIBILITY** - High visibility red handle and cord. Ergonomic handle with built-in on/off switch and grounded tap for plugging other tools directly into the light.
- **PROTECTIVE CAGE** - Metal cage design with convenient hook for hanging the light while you're working.
- **UL LISTED** - Tested to meet UL's strict safety and quality standards. Meets OSHA Standards. 16/3 SJT 13A-125V-1625W.

SPECIFICATIONS:
