

**Sunlite Recessed Edge-Lit Exit Light,
Aluminum Housing, Single Faced Clear
Plate, NYC Approved, Emergency
Backup Battery, Universal Mounting
Plate Included**

DESCRIPTION:

For complete architectural integration. UV stabilized ultra-clear acrylic paneling results in an elegant architecturally pleasing exit sign. Recessed mounting allows all components to be hidden in the ceiling (standard white aluminum housing allows the housing plate to blend in with most ceilings). Field installable press-on directional arrows allow for placement in all applications. Standard unit is designed for drop ceiling applications where access can be made from the top. Unit can be purchased for sheet rock installations where access and installation can be made from below ceiling.

FEATURES:

- 1 Faced Clear Plate
- Aluminum Housing
- Recessed Ceiling Mount
- NYC Qualified
- Universal Bracket Included

SPECIFICATIONS:
