

**Sunlite 05277 LED Edge Lit Exit Sign,  
Clear Panel with Etched Bright Red  
Lettering, 90-Min Battery Power Back-Up,  
Dual Voltage 120-277V, Universal  
Mounting, Long Lasting, Fire Safety, NYC  
Compliant**

**DESCRIPTION:**

The Sunlite LED Edge Lit Exit Sign is a slim, low-profile Exit Sign with bold bright red letters. With its universal mounting and removable front cover; this makes installation and maintenance a breeze. The edge lit panel is constructed of high-grade acrylic with customizable directional arrows to point towards exit direction. The exit sign operates on either 120 or 277 volts, which is great for large complexes to small retail shops. This sign meets New York City Building Authority requirements and compliant in all 50 States. If you are looking for an exit sign lighting solution that does not take over your decor, this sign is perfect for you!

**FEATURES:**

- **SLIM & DURABLE** - The slim exit sign is constructed of die-cast aluminum housing, etched red lettering, and a clear acrylic panel. With its heavy-duty aluminum casing, it can operate with voltage ratings of 120V-277Vac, making it perfect for commercial buildings, residential complexes, and retail shops. Due to the slim design, this commercial exit sign is great for positioning in office buildings, warehouses, doorways, and isles, without taking over your decor.
- **NYC COMPLIANT\*** - New York City Building Authority has developed its rigorous requirements for Exit Signs used in commercial and public buildings. Our exit signs meet these regulations with ultra-bright internal red LEDs, the word "EXIT" is in red, and the exit sign can be seen from 200 meters. These high-intensity LEDs consume very little energy; 3.2 watts to be exact.  
\* Compliant in All 50 States
- **BACK-UP BATTERY** - Installed with a built-in 3.6V/600mAh Ni-CD battery. This backup battery provides 90-minutes of reserved power for outages. The adjustable LED lamps immediately turn on when the power goes off. The battery automatically recharges within 24 hours after outages, so no replacement battery is necessary.
- **EASY MOUNTING** - The acrylic exit sign can easily be mounted from the Back, Side, and Top. Side. Includes field installable directional arrow indicators. All hardware is included.
- **DAMP LOCATED** - This red LED exit sign is damp located and is suitable for bars, restaurants, and gyms. Also suitable for operation in ambient temperatures of -0°C -40°C (32°F - 104°F)
