Purion Air Purification Spiral

#### DESCRIPTION:

Turn standard lamps and light fixtures into an air purification system with this Sunlite CFL Purion Bulb. Hidden inside is a unique ionizer that emits millions of powerful pollution fighting ions into the air every second. These ions attach themselves to airborne pollutants such as smoke, pollen, viruses and odor causing bacteria and cause them to literally fall to the ground where they can be safely cleaned away. Standard medium base (E26) works with a variety of lamps and fixtures. Ideal for use in homes, offices, hotels rooms, hospitals, public spaces, dorm rooms, or anywhere that can benefit from cleaner air. Our Purion lamp lasts up to 10 times longer than your average incandescent light bulb. UL Listed.
