Sunlite 49077 13" LED Fabric Flush Mount, Mid-Century Modern Drum Fixture, Cream Shade, 1200 Lumens (120W Equivalent), Dimmable, ETL Listed, Round Acrylic Diffuser, 3000K, Brushed Nickel Finish

Fabric

DESCRIPTION:

The Sunlite LED Fabric flush mount is a simple fixture that combines a mid-century look with modern features. It's frosted round diffuser, brushed nickel accents, and cream-colored shade make it beautiful. With its integrated LED boards and suitability for damp areas, this fixture is ideal for kitchens, bathrooms. Perfect as a primary light source in a living room, entryway, or bedroom.

FEATURES:

- *CLASSIC DESIGN - The Sunlite Fabric Flush Mount fixture combines a traditional finish and minimal shape, making for a beautiful fixture. The frosted acrylic round diffuser provides the perfect light distribution while still making the clean lines of the brushed nickel mount and centerpiece a focus. Ideal in areas that require more coverage lighting like bedrooms, hallways, guestrooms.*
- *MID-CENTURY MODERN DÉCOR – This design movement became popular after WWII and has been the trendiest design for the modern era. This stylish interior design is often associated with exciting but not bright colors—using wood or metals and combining them with textured fabrics. You can take elements of this interior style and make it work in just about any type of home. With a color temperature of 3000K, our Drum fixtures are designed to give a warm feel to homes, hotels, lobbies, and offices.*
- *POWER EFFICIENT - Only 13 inches in diameter, easily blends in with any open space. Perfect for spaces with little lighting. The bottom diffuser distributes even and inviting light. Fantastic with a low ceiling designed area as well. The ceiling light only draws 20W of power yet emits enough light equivalent to two 60-watt light bulbs. Simple but with exceptional brightness due to its Lumen output of 1200.*
- *DURABLE & ETL LISTED - This minimal flush mount ceiling light is suitable for damp locations, ideal for areas like kitchens or bathrooms. The flush mount is made of high-quality metal and acrylic, which guarantees lifetime durability. The product meets strict high-quality requirements to be safe and reliable for many years to come. The flush-mount is ETL listed for safety standards and approved for Indoor location use*
- *EASY INSTALLATION - Designed to be installed with the mounting plate. All it takes is a simple screwdriver to mount the plate. Twist the center decorative nut to mount the diffuser (installation steps will be included).*

SPECIFICATIONS:

General Characteristics
