

Bi-Pin**Sunlite 80832 LED G9 Light Bulb, 4 Watts
(40 Watts Halogen Equivalent), 450
Lumens, Bi-Pin Base, Spotlight, UL
Listed, 1 Pack, 2700K Soft White**

Bi-Pin

DESCRIPTION:

Upgrade your incandescent and halogen G9 bulbs with energy efficient LED bulbs from Sunlite. These non-dimmable bulbs have a bi-pin base and remain cooler to the touch even when lit. They give off as much light as a 40-watt bulb while only using 4 watts of power. Long life LED technology means up to 15,000 hours of reliable service so you'll need to replace difficult to access bulbs less often. With a lumen output of 450 and 320 degree beam lighting, the transparent plastic cover in the form of a cylinder helps to provide you a wider and clearer lighting experience without blind corners or shadows. At 2700K these soft white bulbs provide a comforting glow in bedrooms, living spaces or anywhere you want to set relaxed mood. Ideal for use in chandeliers, wall sconces, pendants and other indoor household applications. Low heat output makes them safe for enclosed fixtures. UL Listed for damp location installation.

FEATURES:

- **UPGRADE TO LED** - Replace incandescent and halogen G9 light bulbs with energy efficient LED bulbs from Sunlite. These non-dimmable bulbs have a bi-pin base and remain cooler to the touch even when lit. They give off as much light as a 40-watt bulb while only using 4 watts of power.
- **LONG LIFE** - Long life LED technology means up to 15,000 hours of reliable service so you'll need to replace difficult to access bulbs less often.
- **WIDE RANGE BEAM LIGHTING** - With a lumen output of 450- and 320-degree beam lighting, the transparent glass cover in the form of a cylinder helps to provide you a wider and clearer lighting experience without blind corners or shadows.
- **SOFT WHITE LIGHT** - At 2700K these soft white bulbs provide a comforting glow in bedrooms, living spaces or anywhere you want to set relaxed mood.
