DESCRIPTION:

Sunlite LED Filament Style Chandelier bulbs are designed to give you up to 15,000 hours of reliable service. That means fewer replacements for difficult to reach bulbs. These dimmable and energy efficient lamps provide the same output as a 60-watt bulb while only using 5.5 watts of energy. The standard candelabra base (E12) and classic filament style make them perfect for chandeliers, wall sconces, decorative lamps, and many other fixtures. UL Listed for damp location installation. Ideal for both residential and commercial use.
