

FUL**Sunlite FUL15T6/BL Fluorescent 15W
Black Light U Shaped FUL Twin Tube
Plugin Lamps, 4-Pin GX10Q Base**

FUL 4-Pin Single U-Shaped Twin Tube

DESCRIPTION:

Sunlite's U-shaped black light fluorescent lamps easily creates mood lighting and enhanced special effects for any kind of party/event. By incorporating true 365nm color wavelength, only UV reflective surfaces and objects will be illuminated while having no effect on the surrounding areas. This UV lamp is ideal for applications that require permanent black light lighting such as night clubs, bars, and other entertainment venues. Thanks to its long lifetime performance, this tube light is perfect for those looking for little to no maintenance lighting.

FEATURES:

- Produces A Black Light At 368nm And Comes Equipped With A GX10q Base
- Utilizes Only 15 Watts Of Energy At 120 Volts
- The 365nm color wavelength is designed to solely light up UV Ultraviolet objects without affecting any of the surrounding area
- Created for use in a large variety of commercial spaces including restaurants, diners, bars, and even residential locations such as backyard and garage
- Perfect for attracting insects to bugs zappers, sticky fly ribbons and away from you and your visitors
